Building Usage

Rehearsals and Setup (No Theatre Access)

All district groups have the opportunity to schedule up to three setup/rehearsal hours in conjunction with a single performance within a week of that performance. Additional time is available at \$25 per hour, and is used to help offset building expenses. Building use time is calculated from when the building was scheduled to be opened, and concludes when the last person has departed the building. All in-house equipment will be set out in the general area of usage. Please calculate a little time to set equipment in your desired placement.

Choral risers can be set up prior to your arrival if requested two weeks prior to the event start. Late requests are often not possible to accommodate.

Setup/Rehearsal No charge, (3) Rehearsal hours within a week of the performance
Setup/Rehearsal \$25, each additional hour

Performances

The building opens 60 minutes before your scheduled event. The theatre opens for seating 30 minutes before your scheduled event. There are no fees associated with performances that remain within this timeframe.

We are required by law to have a fully-trained Patron Services Staff (i.e. ushers) present whenever the theatre is being used by a public audience (rehearsal and/or performance). For all shows, the OCPAEC will schedule one Patron Services Staff member for every 250 patrons expected to attend your event at a rate of \$25 per hour, beginning 1 hour before the start of the show, and concluding when the last person has departed the building.

Ushers \$25, per hour
